**Rodney Major v. Walter Myers., et.
al.,**

Case No.: 2:19-CV-273-WHA

Plaintiff's Exhibit - 1

Statement

Today I was seen by Mental Health Personal Ms James.

I explained to her about Sgt Lovejoy, Officer Crittenden & Cofkey attacking me on Jan 12/2018. I told her that warden Richie told me in a Mocking tone that their Investigation was over with and there was no need to contact I & I. I spoke with her about my wound dressing being wet and about me telling different nurse's but no one cared to do anything about it. I spoke with her about officers making threats against me and sexual advances. I spoke about my fears and safety concerns also as well as I asked her to speak with I & I or someone out side this Institution to voice what's going on around and to me.
